**GOVERNMENT ENGINEERING
COLLEGE, SIWAN**

ABOUT US

Government Engineering College, Siwan (GEC Siwan) is a technical institute under the Government of Bihar in the district of Siwan, INDIA. The institute is situated in the lap of green land of West Bihar and very close to native place of first President of INDIA, Dr. Rajendra Prasad. It is approved by AICTE and is affiliated with Bihar Engineering University. The college is managed by Department of Science, Technology and Technical Education, Bihar.

Admission in B.Tech course is allotted on the basis of the merit list of Bihar Combined Entrance Competitive Examination conducted by Bihar Combined Entrance Competitive Examination Board (BCECEB). Since 2019, admissions in the B.tech course are also being allotted on the basis of JEE Mains Rank. All students interested to join any state engineering college need to register and fill the form on the BCECEB website.

VISION

To consistently strive for excellence in engineering education by producing skilled, trained and knowledge- driven engineers who fit into the current and future requirements of industries and organizations, and thereby contributing to the growth of the country.

MISSION

To prepare graduates with skillsets align with industry demands, promote research and development, foster soft skills and leadership qualities in students, and provide engineering and technical support to the neighboring areas."

We dedicate and commit ourselves to achieve, sustain and foster unmatched excellence in Technical Education and to provide our students a technologically up-to-date and intellectually inspiring environment of learning, research, creativity, innovation and professional activity and inculcate in them ethical and moral values.

WHY RECRUIT FROM GEC SIWAN?

EXPERT FACULTY

Our faculty comprises experienced and knowledgeable professionals who bring real-world expertise to the classroom, providing valuable insights and mentorship to our engineering students.

SOFT SKILLS EMPHASIS

In addition to technical skills, GECS emphasizes the development of soft skills such as communication, teamwork, and leadership, ensuring that our graduates are well-rounded professionals.

SELECTION PROCESS

The students have excellent educational background. They have been selected for admission in the college through the stringent admission test JEE Mains conducted at national level.

PRACTICAL EXPOSURE

GECS believes in the importance of giving its students extensive practical exposure alongside invaluable academic inputs to ensure their holistic development. This ensures a perfect mix of technical acumen and academic intellect. Such exposure is provided by means of Summer Internship, Workshops, Field Visits, Industry Visits, Guest Lectures, and Live Projects.

DIVERSITY AND INCLUSION

GEC Siwan celebrates diversity, creating an inclusive environment that encourages creativity and collaboration among students from various backgrounds.

CUTTING-EDGE ENGINEERING CURRICULUM

Our curriculum is designed to stay current with industry trends and technological advancements, ensuring that our graduates are well-versed in the latest tools and methodologies.

From the **Principal's Desk**

Dr. Suryakant Singh
Principal
GEC Siwan

On behalf of GOVERNMENT ENGINEERING COLLEGE , SIWAN it is my pleasure to welcome you on the campus. This Institute has been known for its values & dedication . We are the fastest growing & developing Institute of BIHAR and we strive hard to keep up the ethos. By virtue of their unrattled spirits, the GEC graduates have aspiration to learn and grow across departmental boundaries and excel in extra curricular activities. You will be provided each and every necessary resource for your recruitment process on our campus. I am sure our students will deliver with due diligence. Looking forward to your enduring and continuing relationship and support for the Institute.

The institute has witnessed a tremendous growth in terms of student's performance as well as knowledge, in a very short period of time since its inception. It is heartening to state that reputed industries across the country visiting our college regularly for campus recruitment. Majority of students with first class and good communication skills receive offer letters of reputed companies before their Technical Degree Certificate (Engineering). In order to give equal opportunity to all the students of our institute, we follow the policy of "ONE STUDENT ONE OFFER" i.e., once a student is placed in a company, he/she is not permitted to appear for the successive recruitment process of other companies. We have achieved great success in placing the students of the batch of 2019-2023, and ongoing for the batch of 2020-24 with a highest salary offered as 7 LPA. At last, we sincerely thank all our recruiting partners for their excellent support and their confidence in us.

Message From **TPO's Desk.....**

At the outset I, Navdeep Pandey, Training & Placement Officer, welcome you to the Government Engineering College Siwan. The Training and Placement Cell is one of the integral parts of our college which acts as a link between students and our recruiting partners. The industry is growing at a rapid pace and meeting the industry expectations and constant skill upgrading is the need of the hour. Our aim is at striking a balance between industry expectations and our students skill set and abilities. Considering the industry need Training & Placement activities are organized throughout the year with a view to prepare the students to appear the campus recruitment process with confidence.

The students from the first year itself, are encouraged to participate in various competitions such as debate, group discussion, power point presentation, essay writing etc. in order to enhance their confidence, reading, writing and communication skills. Students of second year engineering are trained on rudimentary technical concepts in their respective domains as well as software/hands-on skill sets required in their specialization. To prepare and train aspiring learners to face campus recruitment, the third-year engineering students are provided with exhaustive training with relevance to communication skills, aptitude test and overall development for personal & professional grooming.

We are fully committed and continuously working towards making our students employable at the same time inculcating human values. The cell also educates the students with various carrier opportunities in different areas such as Private sector, Public sector, Armed forces and Government sector services by conducting guest lecture regularly.

B.TECH

Electrical Engineering.

Electrical engineering involves the study and application of electricity, electronics, and electromagnetism. Electrical engineers design, develop, and maintain systems for generating, transmitting, and utilizing electrical power. They work on a wide range of technologies, including circuits, sensors, telecommunications, and power systems, contributing to the advancement of various industries and technologies.

Major Courses :

- Electronic Devices and Circuits
- Introduction to Computing with C
- Digital Electronics
- Semiconductor Device Communication
- Engineering VLSI (Very Large Scale Integration)
- VLSI Fabrication
- Wireless Sensor Network
- Image Processing
- Microprocessor and Microcontroller
- Microwave Engineering
- Electromagnetic Computation and Simulation
- Signal Processing Research
- Wireless Propagation
- Optical Fiber Communication and Photonics

B.TECH

Mechanical Engineering.

Mechanical engineering encompasses the design, analysis, and manufacturing of mechanical systems and devices. Mechanical engineers apply principles of physics and materials science to create and improve machines, tools, and processes. They play a vital role in industries like automotive, aerospace, energy, and manufacturing, focusing on innovation and efficiency.

Major Courses :

- Computer-aided design (CAD)
- Computerized Numerical Control (CNC)
- Latest Manufacturing Technologies
- Automobile Engineering
- Computational Fluid Dynamics (CFD)
- 3D Printing
- Thermodynamics
- Fluid Mechanics
- Optimisation
- Development of Composites
- Flexible Manufacturing
- Six Sigma Quality and Maintenance
- HVAC
- SOM, TOM and Machine Design
- Applied Thermodynamics

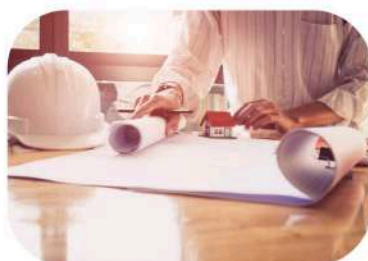

B.TECH

Civil Engineering.

Civil engineering involves designing, constructing, and maintaining infrastructure such as buildings, bridges, roads, and water systems. Civil engineers ensure the safety, efficiency, and sustainability of these structures, applying principles of mathematics, physics, and materials science. They play a crucial role in shaping and enhancing the built environment for societal benefit.

Major Courses :

- Mechanics of Solids
- Structural Analysis
- Design of Reinforced Concrete Structures
- Design of Steel Structures
- Geotechnical Engineering
- Transportation Engineering
- Environmental Engineering
- Construction Planning and Management
- Fluid Mechanics
- Hydraulics and Open Channel Flow

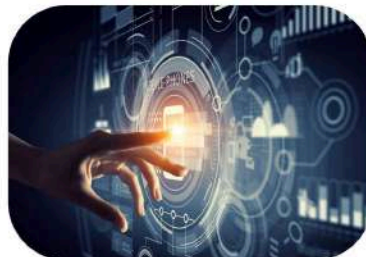

B.TECH

Computer Science Engineering.

Computer Science Engineering (CSE) involves the study of algorithms, data structures, programming languages, and the design and analysis of computer systems and networks. Computer science engineers develop software, design algorithms, and create innovative solutions for various applications.

Major Courses :

- C and its Fundamentals
- Object-Oriented Methodology
- Data Structures and Algorithms
- Design and Analysis of Algorithms
- Database Management Systems
- Operating Systems
- Computer Networks
- Artificial Intelligence and Machine Learning
- Software Engineering
- Formal Languages and Automata

B.TECH

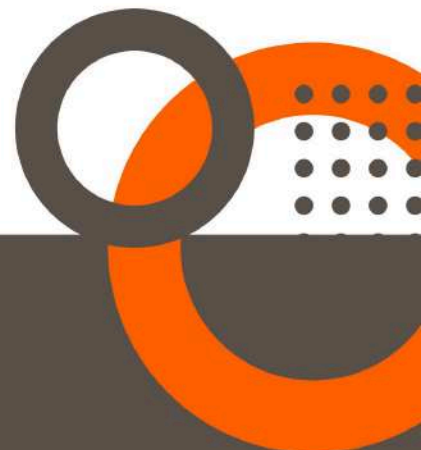

Computer Science (IOT) Engineering.

The internet of things, or IoT, is a network of interrelated devices that connect and exchange data with other IoT devices and the cloud. IoT devices are typically embedded with technology such as sensors and software and can include mechanical and digital machines and consumer objects.

After successful completion of the program, graduate in CSE with IoT specialization has a great career opportunity in the industry

Major Courses :

- C and its Fundamentals
- Object-Oriented Methodology
- Data Structures and Algorithms
- Design and Analysis of Algorithms
- Database Management Systems
- Operating Systems
- Computer Networks
- Artificial Intelligence and Machine Learning
- Software Engineering
- Formal Languages and Automata

B.TECH

Electronics **(VLSI) Engineering.**

VLSI Technology focuses on advanced studies in integrated circuit design, semiconductor technology, and digital system design. Students delve into cutting edge research, hands-on projects, and industry applications, preparing for roles in chip design and semiconductor research

Major Courses :

- VLSI DESIGN
- VLSI SIGNAL PROCESSING AND
- ARCHITECTURE
- DIGITAL SYSTEM DESIGN
- SEMICONDUCTOR DEVICES

GEC SIWAN

STUDENT'S PROGRAM

Skill Development is the process of identification of the skills gap in youth and providing skilling training & employment benefits to them. Skill development programs aim to acknowledge the ability of the youth and extend their support by serving them with the proper guidance, infrastructure, opportunities, and encouragement that help them achieve their ambitions. Education and skills are essential for everyone, and they both walk hand in hand in everyone's career journey. They are the roots behind the economic growth and community development of a country. Therefore, both central & state governments are continuously making efforts to provide skill development to the youth with their skilling partners around the country.

SKILL ENHANCING PROGRAMME

Enhanced skills training is a program that helps residents pursue additional training. It typically uses a combination of cognitive and behavioral problem solving approaches to strengthen a person's positive skill development. An enhanced skill program is a training program that combines best practices from education, psychology, social work, career counseling, sports, and technology training. Skill enhancement programs offer the opportunity and knowledge for clients to develop and strengthen the necessary skills to gain, maintain, and advance in a chosen area.

Techkriti {Tech Fest}

A technical club (TECHKRITI) is a group of members to develop and improve their technical skills. Technical clubs can offer hands-on experience, workshops, training sessions, coding challenges, and other activities.

Dev Fest {Google}

DevFest is a treasure trove of knowledge. You can explore various technologies including Android development, Firebase, Flutter, Google Cloud, Machine Learning, TensorFlow, and even learn about creating web users' experiences.

OUR STUDENTS IN EVENTS

SKILL DEVELOPMENT PROGRAMS

To rapidly scale up skill development efforts in India, by creating an end-to-end, outcome-focused implementation framework, which aligns demands of the employers for a well-trained skilled workforce with aspirations of Indian citizens for sustainable livelihoods.

MATLAB PROGRAM:

MATLAB® is a programming platform designed specifically for engineers and scientists to analyze and design systems and products that transform our world. The heart of MATLAB is the MATLAB language, a matrix-based language allowing the most natural expression of computational mathematics. It's designed for engineers and scientists to analyze and design systems and products.

राजकीय अभियंत्रण महाविद्यालय सीवान के 13 छात्रों का चयन 7 एलपीए पैकेज पर हुआ। इस सफलता की जानकारी कॉलेज की प्राचार्य डॉ. सूर्यकांत सिंह और ट्रेनिंग एंड प्लेसमेंट के ऑफिसर प्रोफेसर नवदीप पांडे ने दिया। इन सफल विद्यार्थियों में 8 विद्यार्थी सिविल इंजीनियरिंग ब्रांच की और 5 विद्यार्थी इलेक्ट्रिकल इंजीनियरिंग ब्रांच के हैं। इस मौके पर कॉलेज के प्राचार्य डॉ. सूर्यकांत सिंह ने सभी सफल अभ्यर्थियों को हार्दिक बधाई और शुभकामनाएं दीं।

इंजीनियरिंग कॉलेज का वार्षिकोत्सव मना

सीवान, बिन्दुलाल सांख्यिकीय। राजकीय अभियंत्रण महाविद्यालय सीवान का वार्षिकोत्सव उत्कृष्टता के साथ मनाया गया। प्राचार्य ने अपने संबोधन में कहा कि इस उत्सव के साथ इस कॉलेज की स्थापना की गई है, उस उत्सव को पूरा करने की दिशा में कार्य जारी है। इस उत्सव के साथ ही छात्र-छात्राओं ने तकनीकी ज्ञान प्राप्त कर फैसला किया है। साथ ही वार्षिक श्रेष्ठ प्रदर्शन का भी अवलोकन किया गया। प्राचार्य डॉ. सूर्यकांत सिंह ने अपने संबोधन में कहा कि इस उत्सव के साथ ही छात्र-छात्राओं ने तकनीकी ज्ञान प्राप्त कर फैसला किया है। साथ ही वार्षिक श्रेष्ठ प्रदर्शन का भी अवलोकन किया गया। प्राचार्य डॉ. सूर्यकांत सिंह ने अपने संबोधन में कहा कि इस उत्सव के साथ ही छात्र-छात्राओं ने तकनीकी ज्ञान प्राप्त कर फैसला किया है।

महाविद्यालय सीवान ने हासिल की उपलब्धि

सीवान, बिन्दुलाल सांख्यिकीय। राजकीय अभियंत्रण महाविद्यालय सीवान ने एक बड़ी उपलब्धि हासिल कर ली जब उसे पार मान्दरीनमान कापपीओ द्वारा छात्रों का परेमेंट करने का कंसेट प्राप्त हुआ है। वहाँ अन्य कंपनीओ से इस आधार संवाद चल रहा है। इसमें संस्थान के पञ्चाल ईयर के सभी छात्रों ने ऑनलाइन व ऑफलाइन अपना रीकॉर्डेशन कराया हुआ है। कॉलेज को मिली इस बड़ी उपलब्धि से न सिर्फ छात्र-छात्राओं का कॉलेज प्रबंधन भी मुक्त नहीं बना रहा है। इस रोजगार पर एक अवैधान से संस्थान में खुशी का

कार्यों की सराहना की गई

सभी परीक्षा छात्रों को शुभकामनाएं व उनके उत्कृष्ट प्रदर्शन की कामना करते हुए प्राचार्य ने संस्थान में कैम्पस पोस्टर के लिए टीपिओ प्रो. नरदीप पांडे, सहायक प्रो. योगेश, प्रो. शिखर पांडे व प्रो. ज्योत्सना प्रो. के कार्य की सराहना की। उन्होंने संस्थान के स्टूडेंट कौन्सिलर प्रिंसिपल कुमार व उनकी टीम को भी इस कामकाजी के लिए कौटू दी। कहा कि राजकीय अभियंत्रण महाविद्यालय के छात्रों के लिए यह अवसर उनके करियर की ओर एक महत्वपूर्ण कदम है। इस उपलब्धि से उनका आजीवनिक व प्रशिक्षण में विकास बढ़ेगा, जो उन्हें अपने करियर में सफलता की ओर अग्रसर करेगा।

संस्थान के कुल 19 छात्र-छात्राओं को ऑरिंटेशन के पद के लिए परीक्षा किया गया है। इन छात्र-छात्राओं के परीक्षा के आधार पर, उन्हें एक साल के बाद कंपनी में 2.4 लाख रुपये के सालाना पैकेज पर रखा जाएगा। दूसरी कंपनी इनके सफ्ट प्रोफाइल लिमिटेड की निर्यात परीक्षा हो चुकी है, साक्षात्कार की प्रक्रिया चल रही है। प्राचार्य ने बताया कि इस महत्वपूर्ण अवैधान के संदर्भ में छात्रों को लगातार प्रोत्साहित करना व अतिरिक्त कक्षाओं का संचालन का सभी छात्रों को रोजगार देने का लक्ष्य रखा गया है। लक्ष्य को साकार करने में संस्थान के नवीनतम प्राध्यापकों का अपूर्व योगदान रहा है। हमें खुशी है कि कई बड़ी कंपनियों के साथ मजबूत संबंध बन रहे हैं और हम प्लेसमेंट को और बेहतर बनाने के लिए समर्थित हैं।

इंजीनियरिंग कॉलेज के सोनू रिसर्च अंतरराष्ट्रीय सम्मेलन में हुए शामिल
